

PATRON LANYARD

alu ring / steel ring

Dynamic rope lanyard with stitched eyes at the ends for work positioning and anchoring at the tree care.

DESCRIPTION

Dynamic rope \varnothing 11 mm guarantees smooth adjustment and in case of fall higher impact force absorption.

Suitable to use with the mechanical adjustment devices and also with friction hitches (Prusik knot).

Available in 3 versions, with light alloy ring, steel ring or without a ring.

Suitable also for other work at height as the anchor device.

Strength stitching is covered with plastic cover for higher abrasion resistance and easier pulling from the tree top.

KEY FEATURES

- light
- dynamic
- long lifetime

STANDARDS

CE 1019

EN 795B
EN 354

FEATURES

1 person only	22 kN	60–550 cm (see the table)	105–540 g (see the table)	warranty

STEEL RING**MAINTENANCE**

Lifetime of this product depends on the frequency and the environment (salt, sand, moisture, chemicals, etc.) in which is used. Without taking wear or mechanical damage into account and in compliance with the conditions specified in the instructions for use this product may be used 15 years from the date of production and 10 years from the date of the first use.

However mechanical damage can occur during the first use, which can limit the lifetime of this products only to its first use.
